COMPONENT & RETROFIT

COMPONENT & EQUIPMENT CATALOG FOR CONCRETE PLANTS

AGGREGATE HANDLING SYSTEMS

Vibratory feeder

- Various sizes
- Adjustable angle
- Fine/coarse proportioning
- Material sensor
- Moisture sensor

Belt conveyor

- Inclined belt conveyor
- High-body belt
- Weigh belt conveyor
- Feeding belt conveyor
- Distribution belt conveyor
- Concrete belt conveyor
- Material sensor
- Revolution indicator
- Safety devices

- Round or angular shape
- Vibrator
- Wear-resistant lining
 - Rubber
 - PEHD

Intermediate hopper

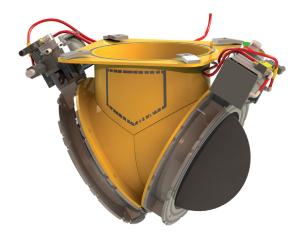

- Discharge gate
- Suspension in rails for discharge from bucket conveyor
- Suspension in platform for discharge directly from mixer

AGGREGATE HANDLING SYSTEMS

Skip hoist

- Complete skip hoist
- Guide rollers for bucket
- Slack wire & overload sensors
- Wire-break sensor
- Speed: 25 m/min.
- Weighing bridge
- Spare bucket and winch
- Skip hoist track, straight/bent

Two-way gate

- Round or angular shape
- Pneumatically operated
- Wear-resistant lining
- For aggregates
- For powder
- Feeding of two mixers
- Position sensor

PROPORTIONING SYSTEMS

Water weigh hopper

- Complete with valve set
- Galvanized surface
- One-point or two-point suspension
- Hot & cold water
- Recycled or fresh water
- Discharge pump option
- Calibration system

Powder weigh hopper

- Round shape for optimum utilization
- Steam seal option
- One-point or three-point suspension
- Calibration system

PROPORTIONING UNITS

POWDER HANDLING SYSTEMS

Belt feeder

- Various sizes and lengths
- Ideal for light-clinker material
- Fine/coarse proportioning
- Volumetric proportioning option

Proportioning gate

- Various sizes
- Vibrator option
- Fine/coarse proportioning
- Fast proportioning
- Minimal wear

Screw conveyor

- One-speed or two-speed screw conveyor
- Fine proportioning screw conveyor
- Flexible inlet joint
- Available for various types of materials:
 - Cement
 - Silica powder
- Fly ash • Silica granulate
 - - Lime stone
 - Fine sand

Rotary gate

Pneumatic butterfly valve

MOISTURE MEASURING SYSTEMS MOISTURE CONTROL FOR MIXER

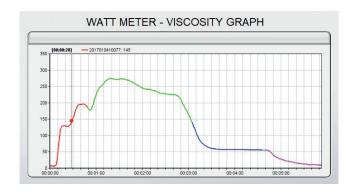

AQUAMAT

Conductivity measurement

Hydromix

Microwave measurement

Wattmeter

Power comsumption measurement

- Hydro Probe
- Aggregate water content
- Improves production efficiency

ADMIX HANDLING SYSTEMS ADMIX/SLURRY SYSTEM

Electronic scales for liquids

- One to four cylinders of 6-50 litres
- Overflow limit switch
- Calibration system
- Check valves
- Washing system

Admix gear pump

Slurry diaphragm pump

Admix/slurry tanks

- Various sizes
- Hose & pipe systems

MEASURING SYSTEMS

FIBRE SYSTEMS

Camera unit

- Visual remote inspection of mixing process
- Lens protection
- Built-in cleaning
- Built-in light source

Temperature measurement

- Infrared temperature measurement
- Range: 0-50°C
- Automatic lens cleaning
- Protective valve

Steel fibre proportioning system

- Fully automatic process
- Good distribution of fibres during proportioning
- Positive/negative weighing

Synthetic fibre proportioning system

- Synthetic fibre rope cutter
- Adjustable fibre length
- Fully automatic process
- Good distribution of fibres during proportioning

VARIOUS

Colour system

- Powder pigment/granulate system
- Two to six big bags
- Pressurized weigh hopper
- Pneumatic conveyor hose
- Self-cleaning cyclone filter
- Optional bagging system for high cleanliness using water-soluble bags

Filter for powder silos

- Pneumatic silo top filter
- Safety valve
- Self-cleaning
- Stainless steel

VARIOUS RETROFIT SOLUTIONS

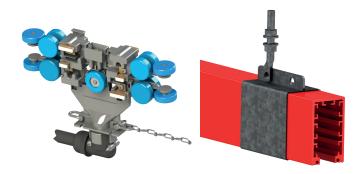

Retrofit bucket conveyor

- Capacity from 750 to 3000 litres
- Duplo or mono rail
- Two-wheel drive or four-wheel drive
- Rotation discharge or bottom discharge
- Safety hoops

Retrofit safety system

- Mechanical interlock safety system
- High safety performance
- Fits various mixer hatches

Retrofit power rail

- Easy installation
- Improved communication
- Improved spare part availability
- Various types and sizes

Wireless communication

- Fits various bucket conveyors
- Increased range
- Reliable connection
- Easy installation

VARIOUS RETROFIT SOLUTIONS

Retrofit wash system High-pressure pump and washing unit

- Retrofit solution
- Fits most mixers
- High pressure
- Manual lance
- With water and temperature sensor
- Filter and safety valve
- High-pressure washing head
- 360° rotating spraying pattern

SERVICE & SUPPORT

SKAKO original spare parts assistance

We understand the importance of fast and reliable spare parts service. Our extensive inventory of original spare parts, together with our staff of experienced experts, is your guarantee that we can deliver on this promise.

You can conveniently reach SKAKO for spare parts service by phone or mail.

Always insist on original SKAKO spare parts for guaranteed quality and performance.

Visit our webshop here: www.skako.com/webshop

Monday-Thursday 07.30-15.30 Friday 07.30-15.00

Tel.: +45 63 61 61 00 Hotline: +45 70 26 26 45 webshop@skako.com sparepart@skako.com

On-demand technical support

SKAKO customers can always choose to purchase the services and support they need on-demand.

- Plant performance
 - Plant review
 - Plant optimization
- Three-level service contracts
- Onsite service
- Onsite repair
- Calibration
- Own repair workshop
- Software backup and updates
- Telephone and online support
