

SKAKO

MOISTURE/CONSISTENCY MEASUREMENT

HYDRO-PROBE

Sensor for proportioning units, silos, hoppers and conveyors.

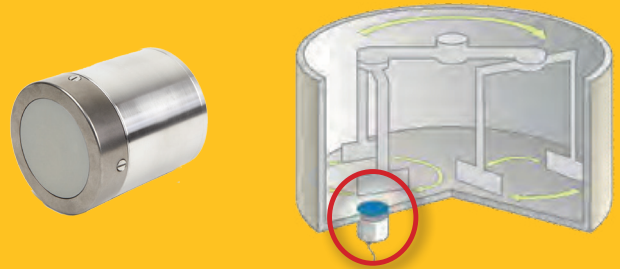

Easy to install with many mounting options.

HYDRO-MIX

Flush mount micro wave sensor for mixers.

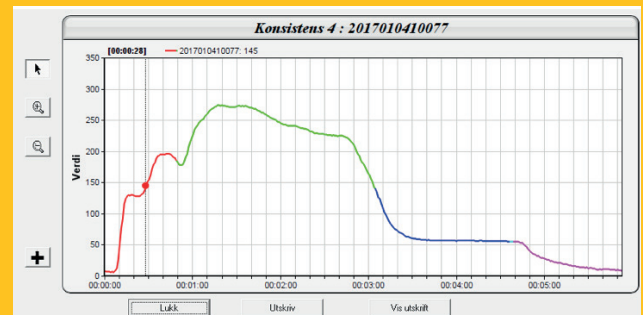

Easily replaceable ceramic face plate.

WATTMETER

Improved signal processing by Wattmeter based on mixer motor ampere output.

This improves the homogeneity of high-slump concrete.

**ALL SYSTEMS ARE FULLY INTEGRATED IN THE
SKAKOMAT CONTROL SYSTEM**
